

What is Enrichment?

Kindergarten Enrichment is designed to take your Kindergartener on a more in-depth exploration of thematic subjects through individualized and group projects. Our experienced staff will provide lessons with a focus on literacy, science, math, critical thinking, and problem solving skills in a play based and caring environment, allowing students to learn and grow beyond what a half day Kindergarten can offer. We will offer five different and exciting themes during the school year. Sign up for one or all five!

Under the Sea!

Themes and Dates:

Investigations Galore!

This fun filled session will include an extensive look into how things work and why they happen; math, physics, chemistry and natural science will be a big focus.

9/11/2017 - 10/20/2017

Under the Sea

What lies beneath the ocean waves? There are all sorts of wonderful life just waiting to be explored. Join us for an in-depth look at what lives in our oceans and help us to create our own watery world in the classroom.

10/23/2017 - 12/8/2017

Celebrations Around the World

From Alaska to Wales people celebrate differently. Learning about other customs, cultures, and how we all celebrate builds a respect for the diversity of our world. By incorporating literature, music, art and more we will learn that everyone is unique.

1/2/2018 - 2/9/2018

Raucous Rainforest

Travel with us deep into the rainforests of Asia, Africa and South America to find what is lurking behind trees and under rocks. This unexplored world is full of wonderful learning opportunities and activities.

2/12/2018 - 3/23/2018

Author Study (Author to be determined)

We will take an in-depth look at one author and the many books he/she has written. You can expect the students to become authors themselves when we are done.

3/26/2018 - 5/11/2018
