Dinosaur Days (June 5 - 8)

We will explore the life of dinosaurs during this exciting and fun filled week.

Learning about many types of dinosaurs, digging for fossils, roaring like dinosaurs and having tons of fun will take us back in time. Even those who aren't passionate about dinosaurs will love this theme.

Ocean Adventures (June 12 - 15)

We will explore the exciting and mysterious ocean as we learn about sharks, whales, dolphins and more. We will have fun discovering the unknown world of the ocean and the creatures that live there. Don't be surprised if we get a little wet this week!

All Things Ooey Goey (June 19 - 22)

We will be saying "yuck" a lot this week! It will be a wonderful time to get into things we normally avoid, like mud, worms and slime. There will be some fun science experiments to enjoy this week!
