Mad Science (June 1 - 4)

There are endless possibilities during Science week. We will create artwork using science, play games through science, experiments will turn into musical adventures and much, much more. Join us for a week of bubbles, boiling and explosions!

Dr. Seuss on the Loose (June 8 - 11)

"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the guy who'll decide where to go." We will be imagining all sorts of amazing and fun things as we flex our creative brains and enjoy Dr. Seuss's wonderful stories.
